Voting Policy Rationale: The company has presented a slate election, which includes a new chair nominee who was indicted in 2021 due to allegations of fraudulent management in a case that caused losses to the Petrobras' employees' pension fund. The appointment raises concerns, especially in a time when the company has just concluded the obligations under the non-prosecution agreement signed with the US-Department of Justice, in the context of the corruption investigations under the Car Wash Operation, and states that it continues to strengthen its compliance and integrity systems. As such, a vote AGAINST the proposed slate is recommended.

1.a	Annual Meeting Agenda	Mgmt			
	Receive Report of Management Board (Non-Voting)	Mgmt			
	Approve Remuneration Report	Mgmt	For	Against	Against
Voting Policy Rationale: A vote AGAINST is warranted because the company is not disclosing information on the application and consideration of 2021 STI and LTI performance metrics, which is a general expectation largely stemming from SRD II roll out across Europe. Furthermore, the company did not provide any improvements for the ex-post performance targets disclosure compared to previous years, which does not allow shareholders to assess the stringency of the pay for performance framework. However, we do note that as of FY2022 the company proposes to implement ESG metrics in its LTI plan with an expectation on full ex-ante and ex-post disclosure , which is further reflected under item 3.

9	Re-elect Sue Farr as Director	Mgmt	For	For	For
Voting Policy Rationale: Item 6 A vote FOR the re-election of Luc Jobin is considered warranted, although it is not without concern because: * Following Marion Helmes' departure from the Board at the conclusion of the 2022 AGM and the appointment of Kandy Anand as NED in February 2022, the representation of women on the Board following the 2022 AGM will be 30%, which is below the recommendations of the Hampton-Alexander Review. The main reasons for support are: * The Nomination Committee will be actively progressing its NED succession planning such that women will represent at least 33% of the board prior to the 2023 AGM. This matter will be kept under ongoing review. Items 7-15 A vote FOR these Directors is warranted as no significant concerns have been identified.

2	Approve Treatment of Net Loss, Distribution of Dividends, and Capital Budget	Mgmt	For	Against	For
Voting Policy Rationale: This is the second consecutive year that Dasa proposes to distribute dividends despite net losses. In addition, the dividend payout in 2019 was above 100 percent of its net income in the period. In the absence of a compelling rationale for such dividend distributions, a vote AGAINST this bundled resolution is recommended at this time.					
3	Approve Remuneration of Company's Management	Mgmt	For	Against	Abstain

Voting Policy Rationale: A vote AGAINST the remuneration report is warranted. The CEO and CFO have been awarded salary increases of 26% and 20%, respectively. It is noted that: * These increases follow salary raises implemented in the immediate aftermath of the TSG merger in Summer 2020. * The CEO's new salary positions him in the upper quartile against comparator groups. * A phased approach to the increases has not been adopted. * The salaries have been raised against the backdrop of significant diminution of shareholder value.

The main reasons for support are: * Such authorities are common proposals at UK banks and are intended to apply in extreme circumstances only; and * The conversion into ordinary shares would require the CET1 ratio to fall to a level which would denote significant capital weakness well beyond the Company's current position and minimum regulatory requirements.</i>

2	Approve Discharge of Management Board for Fiscal Year 2021	Mgmt	For	For	For
<p><i>Voting Policy Rationale: Votes FOR the discharge of the management board and the supervisory board are warranted as there is no evidence that the boards did not fulfill their fiduciary duties in the year under review, though this is not without concerns: * The management board introduced a five-point plan, which allegedly "provides a clear path to closure of the U.S. glyphosate litigation, which will allow our company, our customers, and our shareholders to move on, put the uncertainty behind us, and focus on our performance, innovations, and contributions to society." Nevertheless, this was only introduced in May 2021, leading to concerns that management (and by extension the supervisory board) was too slow in addressing the Monsanto fallout head on and too focused on the litigation rather than allaying the legitimate concerns of its shareholders and of stakeholders worldwide. * The supervisory board made discretionary adjustments to the management board's annual bonus in the year under review, leading to large bonus payouts for management despite ongoing and significant litigation against the company, which may raise legitimate concerns for shareholders.</i></p>

5	Approve Remuneration Report	Mgmt	For	Against	Against
<p><i>Voting Policy Rationale: A vote AGAINST this resolution is warranted because: * Discretionary adjustments were made to the short-term incentive components, resulting in payouts that do not accurately reflect company performance. * Legacy contribution-based pension entitlements for certain executives result in pension contributions/service costs that can be considered excessive and are not aligned with the wider workforce or market practice. * Targets and performance metrics under the LTI may not be considered sufficiently challenging due to the possibility of below peer median vesting.</i></p>

3i	Re-elect Anne Heraty as Director	Mgmt	For	For	For
<p><i>Voting Policy Rationale: Item 3b An ABSTENTION on the re-election of CEO, Gene Murtagh, is considered warranted: * Gene Murtagh has been with the Company since 1993, on the Board since 1999, and CEO since 2005. The Grenfell Tower Inquiry has raised serious questions into the corporate culture at Kingspan and reputational damage has been incurred. It is reasonable to hold the CEO ultimately accountable. An abstention signals a level of concern to the Board, pending the outcome of the Grenfell Tower Inquiry when its final report. A vote FOR this resolution is warranted for those shareholders in markets which have a fiduciary responsibility to vote either for or against and who do not recognise abstention as a valid option. Item 3a and 3c-3k A vote FOR these Directors is considered warranted. There is concern over the roles of the directors in the context of the revelations of the Grenfell Tower Inquiry. Once the investigation has concluded, recommendations on director election will be made in the context of the findings.</i></p>

3	Approve Remuneration Report	Mgmt	For	Against	Against
	<i>Voting Policy Rationale: A vote AGAINST this resolution is warranted due to the following shareholder concerns: * The CEO was granted a one-off incentive of A\$6.0 million in April 2021 which is excessive relative to market and is payable in addition to the CEO's other annual incentives. The one-off award, subject to shareholder approval in Item 6 below has created a misalignment of the CEO's pay with market identified in the ISS Pay for Performance analysis with his FY21 pay reaching a multiple of 2.94 median, * The performance conditions associated with the one-off award include delivery of various strategic growth projects, carbon capture and storage and emission reductions which shareholders consider to be part of the CEO's core "day job" responsibilities. Furthermore, the CEO's remuneration may potentially be duplicated as the current STI award includes growth and emissions initiatives (approximately 30 percent) and any improvements in financial performance are likely to flow through to LTI award outcomes, * Significant increases have been foreshadowed for director remuneration for FY22, * Awarding of dividends on unvested shares (i.e. a dividend-equivalent payment for dividends paid during the performance period in respect of rights that ultimately vest) is inconsistent with good governance expectations of many shareholder.</i>				
4	Approve Advisory Vote on Climate Change	Mgmt	For	Against	Against
	<i>Voting Policy Rationale: A vote AGAINST this resolution is warranted. The absence of clear shorter-term scope 1 and 2 and tangible Scope 3 targets may be regarded by shareholders as a material deficiency, especially given that the company is proposing new oil and gas development. The company discloses Scope 1 and 2 targets to be net zero by 2040. On the positive front, the company's 2022 Climate Change Report is comprehensive and meets the TCFD requirements. The report includes detailed Transition Action Plans, improved Scope 1 and 2 emissions reduction targets over the medium term that are inclusive of the newly acquired Oil Search.</i>				
5	Approve Grant of Share Acquisition Rights to Kevin Gallagher	Mgmt	For	For	For
6	Approve Issuance of Shares to Satisfy Growth Projects Incentive Rights to Kevin Gallagher	Mgmt	For	Against	Against
	<i>Voting Policy Rationale: A vote AGAINST this resolution is warranted due to the following concerns: * The one-off incentive to the CEO of A\$6.0 million is considered to be excessive and in addition to the CEO's annual incentives available in the STI and LTI. * Given this grant, quantitative pay for performance analysis identifies a misalignment of the CEO's pay with market. * Vesting is disclosed to be based on delivery of strategic growth projects, carbon capture and storage and emissions reductions. Targets are not disclosed in sufficient detail on the basis of commercial sensitivity. * These performance measures appear to represent extra strategic objectives in addition to strategic objectives which represented a substantial portion of the FY21 STI. Shareholders may consider these to be part of the day job responsibilities for which the STI and LTIs are sufficient and consistent with market. Success of the strategic objectives would be best aligned with shareholders and measured in conventional financial and shareholder return measures. * Performance is assessed annually, allowing the CEO to "lock in" achievement early during the performance period and leading to concern for multiple testing and re-testing. Shareholders are being given a "false choice" if this resolution is not approved, in which case the company intends to satisfy vesting with shares purchases on market or cash-settled.</i>

2	Approve Final Dividend	Mgmt	For	For	For
3	Approve Remuneration Report	Mgmt	For	Against	For
<p><i>Voting Policy Rationale: A vote AGAINST this item is considered warranted: * Material concerns have been identified in respect of the Remuneration Committee's response to the significant reporting and governance failings identified by the PRA, which have resulted in a record fine being imposed on the Company. The Committee's response does not appear to adequately reflect the gravity of the failures identified by the PRA. Neither does the Committee appear to have fully utilised the available provisions to reduce awards in recognition of failures in risk management; financial reporting; and financial losses, due to a material breach of regulatory guidelines.</i></p>					
4	Approve Remuneration Policy	Mgmt	For	Against	Against
<p><i>Voting Policy Rationale: A vote AGAINST this item is considered warranted: * The policy continues to provide for disapplication of time pro-rating for outstanding LTIP awards if certain, defined criteria are met at the time of executive's departure. This is not in line with best market practice and may create an expectation that discretion in this respect will be used as a normal application of policy, rather than in response to genuinely exceptional circumstances. ISS Policy states that appropriate pro-rating should be applied to outstanding long-term share awards. A material concern is also noted in respect of the updated pension provisions - the calculation of the pension figure, which uses the cash and share element of the salary after salary and fixed pay being combined into "salary" in 2019 - results in a material pension figure for the CEO (GBP 243,400), which is the highest among major FTSE listed banks. Given the positive developments towards market practice since the approval of the 2019 remuneration policy, this matter is not being highlighted as a contributing factor to the negative voting recommendation.</i></p>

The main reasons for support are: * Such authorities are common proposals at UK banks and are intended to apply in extreme circumstances only; and * The conversion into ordinary shares would require the CET1 ratio to fall to a level which would denote significant capital weakness well beyond the Company's current position and minimum regulatory requirements.

<p><i>Voting Policy Rationale: A vote FOR the discharge of the management board (Item 3) is warranted as there is no evidence that the board has not fulfilled its fiduciary duties and because none of the current management board members were on the management board itself during the time of the misconduct noted below. However, a vote AGAINST the discharge of the supervisory board (Item 4) is considered warranted because: * On July 8, 2021, the European Commission found the German automakers (including BMW) guilty of collusion regarding restricting competition in emissions cleaning for new diesel passenger cars between 2009 and 2014. * Concerns are raised with respect to the fact that a culture existed within this company which led to collusion on technical matters with the other major German car manufacturers to the detriment of the company and its shareholders, as well as stakeholders worldwide. While no specific member of the company's management board or supervisory board has thus far been found guilty of misconduct or negligence, the fact remains that for many years, there existed a corporate culture that allowed for the described facts to happen. * Due to the symbolic nature of the discharge vote in Germany and the historical nature of the antitrust case, and because the discharge resolution is currently bundled, which does not allow shareholders to target individuals who may have been involved in failures of due diligence from 2009 until 2014.</i></p>

Voting Policy Rationale: A vote FOR Item 10.2 is warranted due to a lack of concerns about the CEO nominee. A vote FOR Items 10.9-10.11 is warranted due to a lack of concerns about the independent director nominees. A vote AGAINST the (re)elections of executive directors and NI-NEDs under Items 10.1, 10.3, 10.4, 10.5, 10.6, and 10.8 is warranted, as the board does not meet the 50 percent independence guideline applicable to Greece-incorporated, non-controlled companies. A vote AGAINST Item 10.7, the election of Nicole Conrad-Forker, the chairman of the nominating committee, is warranted because the board composition does not comply with the minimum requirements on gender diversity.

Voting Policy Rationale: A vote AGAINST the remuneration report is warranted because: * Substantial bonuses to the Executives were paid, despite the Company having received significant assistance from the UK and German governments relating to the pandemic. There has been no indication that these sums will be repaid. Mitigating considerations are acknowledged: specifically, it is noted that the effect of government aid was removed when calculating bonuses, and that bonuses were decreased by 25% in reflection of assistance received. It is also noted that the delayed bonuses for 2020/21 were voluntarily forgone. However, the concern with bonus payment against the background of significant government assistance remains. In this context, support for the remuneration report cannot be recommended.

<p><i>Voting Policy Rationale: Items 4.1, 4.2, and 4.5 to 4.13 A vote FOR these candidates is warranted as no significant concerns have been identified. Item 4.3 A vote AGAINST this candidate is warranted because: * Charlotte Boyle is the Chair of the Remuneration Committee. As discussed under Item 7, remuneration decisions made in relation to the 2018 and 2019 LTIP awards counter good practice, to the extent that support for her re-election cannot be recommended. For shareholders with a fiduciary duty to vote for or against, a FOR vote is recommended. Item 4.4 A vote FOR Reto Francioni is warranted although it is not without concerns: * As Chair of the Nomination Committee, he is considered to be ultimately responsible for overseeing board composition. Currently, only 31% of the Board comprises female directors, which is not aligned with the recommendations of the Hampton-Alexander Review. The main reasons for support are: * The Company has stated it is mindful of the Hampton Alexander targets and is committed to improving the Board gender balance. * There are four female directors on the board with a female representation of 31%. This falls just shy of the Hampton-Alexander recommendations. * There are a large number of shareholder representatives, which, pragmatically, renders the achievement of the recommended gender balance more challenging. 3	Advisory Vote to Ratify Named Executive Officers' Compensation	Mgmt	For	Against	Abstain
<i>Voting Policy Rationale: A vote AGAINST this proposal is warranted. Although the compensation committee demonstrated adequate responsiveness to last year's relatively low support for the say-on-pay proposal by changing the LTI award mix to entirely performance-based options, an unmitigated pay-for-performance concern exists for the year under review. While the performance options contain several positive features, the magnitude of the target option grant values for all NEOs is outsized and not substantiated by company performance. In addition, an NEO received a new-hire grant of equity that lacks a strong performance basis and it is unclear what portion of the award was intended to replace forfeited equity.</i>

The main reasons for support are: * Improvements have been made to the Company's corporate governance practices – following the AGM, the Audit Committee will be fully independent and the percentage of women on the Board will increase to 38% with the appointment of Carla Stent. Items 6-11 A vote FOR these directors is considered warranted, as no material concerns have been identified.

<i>Voting Policy Rationale: A vote AGAINST this item is warranted because: * The quantum of long-term incentives awarded is high, with a large portion not subject to performance conditions. * The quantum of the overall realized package for FY 2021/2022 is considered excessive (USD 26.8 million) where this is mainly driven by the SAR plan that is not sufficiently transparent and share options which are not tied to performance conditions. * A substantial part of the LTI awards vest before the third anniversary in deviation of best practice recommendations. * Albeit we recognize the company has made a number of efforts to address shareholders concerns as raised at the 2021 AGM, given the level of dissent the changes are not considered to fully address or fully mitigate concerns. We do note that the company announced that as of FY2023, the company will be disclosing the STI targets retrospectively.</i>

Voting Policy Rationale: Item 4a-4c, 4e, 4h-4i A vote FOR the re-election of Stan McCarthy, Louise Phelan, Roisin Brennan, Emer Daly, Dick Milliken and Michael O'Brien is warranted, although it is not without concerns: * As Board Chair, Stan McCarthy is considered to be ultimately responsible of the Company's corporate governance practices. * Each of the NEDs hold outstanding performance-based share options and, as a result, they are not classified as independent NEDs by ISS. As such, their membership on the Board cause non-compliance with the provisions of best practice. * Roisin Brennan, Emer Daly and Dick Miliken also sit on the Audit and/or Remuneration Committees, which should be wholly independent. The main reasons for support are: * The Company has succession plans in place and has shown pursuit and progress in this respect. * The removal of all non-independent directors at this time will be disruptive to the overall composition of the Board. Item 4d, 4g A vote AGAINST the re-election of Michael Cawley and Howard Millar is warranted because: * In addition to their outstanding options causing potential independence concerns, both Directors have longstanding links with Group CEO Michael O'Leary. The Board lacks sufficient independent representation as a result. * Michael Cawley remains a member of the Remuneration Committee. Item 4f, 4j A vote FOR the election/re-election of Geoff Doherty and Michael O'Leary is warranted as no significant concerns have been identified.

As such, their membership on the Board cause non-compliance with the provisions of best practice. * Roisin Brennan, Emer Daly and Dick Miliken also sit on the Audit and/or Remuneration Committees, which should be wholly independent. The main reasons for support are: * The Company has succession plans in place and has shown pursuit and progress in this respect. * The removal of all non-independent directors at this time will be disruptive to the overall composition of the Board. Item 4d, 4g A vote AGAINST the re-election of Michael Cawley and Howard Millar is warranted because: * In addition to their outstanding options causing potential independence concerns, both Directors have longstanding links with Group CEO Michael O'Leary. The Board lacks sufficient independent representation as a result. * Michael Cawley remains a member of the Remuneration Committee. Item 4f, 4j A vote FOR the election/re-election of Geoff Doherty and Michael O'Leary is warranted as no significant concerns have been identified.</i>

Voting Policy Rationale: Item 3 A vote FOR this Director is warranted, although it is not without concern: * Ruth Carinie is the Chair of the Nomination Committee and following the 2022 AGM, less than 33 percent of the Board will consist of women, which is not in line with the recommendations of the Hampton-Alexander Review. The Company have not provided a definitive commitment to re-align with the recommendations of the Hampton-Alexander Review. * As Board Chair, Ruth Camie is considered ultimately accountable for the Company's corporate governance practices at Board level, where both the Audit and Remuneration Committees composition deviates from the recommendation of the UK Code to consist of three independent NEDs. The main reasons for support are: * There is no historical evidence of non-compliance with the recommendations of the Hampton-Alexander Review in previous years; * The Company has made reference to improving gender diversity at Board level; * The reduced female representation at Board level is in part due to a female NED stepping down at the 2022 AGM. * Committee composition is not considered to be a long-term issue but will remain under review during the forthcoming year. Items 4-9 A vote FOR these Directors is warranted as no significant concerns have been identified.

The main reason for support is: * Given Abhay Soi is the company's Chairman and Managing Director, removing him from the board would likely have a material negative impact on shareholder value. As such, qualified support is considered warranted. Item 7: Approve Payment of Remuneration of Abhay Soi as Chairman and Managing Director A vote AGAINST this resolution is warranted because: * He will be paid the proposed remuneration notwithstanding the company's financials and the regulatory limits, for the rest of his tenure. * The company has not capped the level of increment that could be granted to Abhay Soi, each year. This could lead to discretionary payouts by the board. * The overall proposed remuneration is deemed to be significantly higher than industry standards and market peers of similar scale and operations.</i>

<i>Voting Policy Rationale: Item 6: Approve Reappointment of Abhay Soi as Chairman and Managing Director A vote FOR this resolution is warranted, although it is not without concerns: * It is preferred that board committees be limited to non-executive directors. The main reason for support is: * Given Abhay Soi is the company's Chairman and Managing Director, removing him from the board would likely have a material negative impact on shareholder value. Voting Policy Rationale: A vote AGAINST this resolution is warranted because: * The presence of a rolling limit, linked to the net worth of the company, instead of a monetary cap on the proposed inter-corporate transactions, is a market lagging practice. Voting Policy Rationale: A vote AGAINST the resolution is warranted considering the following concerns: * The proposed payments including the upfront payment and profit-sharing arrangement by an investor with the beneficiary promoters is unusual in Indian context. * It should be noted that the responsibilities included to make these promoters eligible for the rewards are within the ambit of the role of CEO and Executive Directors. * Such special incentives to the promoter directors may result in their interest largely skewed towards the investor paying such rewards.

1	Amend Articles	Mgmt	For	Against	For
Voting Policy Rationale: The company proposes a bundled bylaw amendment including positive changes such as the statutory provision of a majority-independent board of directors. However, this bundled resolution also includes a broad statutory indemnification provision in the absence of key information, including decision-making process to approve payments and specific terms of coverage in the event of plea deal agreements potentially signed by the beneficiaries. Given that the company has bundled multiple unrelated bylaw amendments under a single agenda item, preventing shareholders from voting on each proposed change separately, a vote AGAINST this proposal is recommended at this time.

Voting Policy Rationale: WITHHOLD votes are warranted for director nominees William (Will) Marshall, Jo Roizen, and Robert (Robbie) Schingler Jr. for a material governance failure. The charter restricts shareholders' ability to amend the bylaws. WITHHOLD votes are further warranted for director nominees William (Will) Marshall, Jo Roizen, and Robert (Robbie) Schingler Jr. given the board's failure to remove, or subject to a sunset requirement, the supermajority vote requirement to enact certain changes to the charter, the classified board, and the dual class structure with unequal voting rights, each of which adversely impacts shareholder rights. WITHHOLD votes are further warranted for compensation committee member Jo Roizen for the unmitigated pay and performance misalignment. A vote FOR the remaining director nominee Kristen Robinson is warranted.

1	Elect Carlos Tadeu da Costa Fraga as Director	Mgmt	For	For	For
<i>Voting Policy Rationale: A qualified vote FOR the election of independent non-executive director Carlos Tadeu da Costa Fraga (Item 1) and the re-election of non-independent non-executive director Clark Davey (Item 2) and independent non-executive director Peter Turnbull (Item 3) is warranted to highlight that female representation on the board stands at a mere 14 percent, which does not meet the guidelines of the ASX Corporate Governance Council Principles and Recommendations for at least 30 percent of each gender represented on the board. This is inferior to peer companies in the ASX 300 Index. While the company has an objective of achieving 30-percent female participation by 2025 at board level, it has been slow relative to market. Adverse recommendations may be warranted for all incumbent nominees up for election at the 2023 AGM if the company continues to fail to meet the gender diversity guidelines and there is no nomination committee in place. Concerns are also raised given that Mr Davey serves as the non-independent chair on the Audit and Risk Committee, which is not fully independent. He is classified as non-independent by ISS due to excessive tenure on the board (>12 years).</i>

<i>Voting Policy Rationale: A qualified vote FOR the election of independent non-executive director Carlos Tadeu da Costa Fraga (Item 1) and the re-election of non-independent non-executive director Clark Davey (Item 2) and independent non-executive director Peter Turnbull (Item 3) is warranted to highlight that female representation on the board stands at a mere 14 percent, which does not meet the guidelines of the ASX Corporate Governance Council Principles and Recommendations for at least 30 percent of each gender represented on the board. This is inferior to peer companies in the ASX 300 Index. While the company has an objective of achieving 30-percent female participation by 2025 at board level, it has been slow relative to market. Adverse recommendations may be warranted for all incumbent nominees up for election at the 2023 AGM if the company continues to fail to meet the gender diversity guidelines and there is no nomination committee in place. Concerns are also raised given that Mr Davey serves as the non-independent chair on the Audit and Risk Committee, which is not fully independent. He is classified as non-independent by ISS due to excessive tenure on the board (>12 years).</i>

<i>Voting Policy Rationale: A vote AGAINST the election of independent non-executive Chair Mark Bennett is warranted given that: * He has substantial board commitments and is considered to be overboarded; and * Female representation on the board currently stands at nil, which does not meet the guidelines of the ASX Corporate Governance Council Principles and Recommendations for companies in the ASX300 Index to have at least 30 percent of each gender represented on the board.</i>

<i>Voting Policy Rationale: A vote AGAINST these resolutions is warranted. While the premium exercise price hurdle appears to be sufficiently rigorous and demanding, the vesting schedule of the incentive securities granted by the company is not in line with local market standards, which recommend substantial vesting only after at least three years. In addition, the grant of equity to non-executive directors is not considered acceptable under Australian investor guidelines as it may impair the non-executive directors' ability to act in the long-term best interests of the company.</i>

<i>Voting Policy Rationale: A vote AGAINST this resolution is warranted.
